

Earn Tuition Credit on Everyday Purchases!

- You purchase scrip gift certificates for local and national retailers and restaurants. Scrip can also be used to pay credit card bills in some cases.
- Marian purchases these certificates at a discounted price set by each retailer. The difference is split 50/50 between Marian and your family.
- Annually in June, your family receives tuition credit for your portion of the savings.

Example: You purchase \$600 in Martin's, \$300 in Speedway, \$200 in Macy's for back to school shopping, and \$50 in Hacienda for a night out.

Martin's 5% discount – you earn \$15, Marian earns \$15

Speedway 4% discount – you earn \$6, Marian earns \$6

Macy's 10% discount – you earn \$10, Marian earns \$10

Hacienda 10% discount – you earn \$2.50, Marian earns \$2.50

You earn \$33.50 in tuition credit for purchases you were going to make anyway! Continuing purchases like this would give you a \$402 tuition credit for the year.
